Deep listening is miraculous for both listener and speaker. When someone receives us with open-hearted, non-judging, intensely interested listening, our spirits expand. *Sue Patton Thoele*

**Woman on a Mission**

Experience for yourself how 80,000 women are making a world of difference at home and abroad.

**If you missed the television airings, this excellent documentary is now available for purchase from Salt + Light TV. This is a must-see!**

**Authorized Signatures**

One piece of good news to share is that the Privacy Commissioner of Canada says the League does not require signed permissions to use photos in any publication due to the non-commercial nature of the League's activities. The work of chairpersons of communications at all levels has just been made easier.

**Pornography Hurts Campaign**

If your parish did not send the postcards in January you can still send them. It is important to continue to send the postcards every year to keep parliament aware of our concern with pornography. If you want to order your own postcards, there is a newer version on the national website [www.cwl.ca](http://www.cwl.ca) under the resource tab.

## **Marty's Dream Project**

Many of you are familiar with Marty's Dream project and we have received an update on the progress of the project. The funds were raised to build a residence for young girls in Kete Krachi. It has been built and is ready for the girls to move in. Another checkmark on the list of League accomplishments.

Respectfully submitted,  
Jean Mulvihill
